BIG FIGHT ON IN OHIO TUESDAY

Republican Presidential Primary A Hard Contest Between Wood And Harding

(By Associated Press)
Columbus, O., April 26.—One of the hottest fights waged within the ranks of the Republican party in Ohio in years is expected to be decided in the state-wide Presidential Primary tomorrow when Warren G. Harding, senior United States Senator from this state, and Major General Leonard Wood, contend for Republican preference and the delegation to the Chicago convention.

A complete list of candidates for district delegates and delegates-at-large, pledged to Senator Harding, is on the ballots while candidates for delegates, pledged to General Wood, have been entered in all except three of the districts and two candidates, avowedly for General Wood, are running for delegates-at-large.

The Harding candidates for delegates-at-large are former governors Frank B. Willis and Myron T. Herrick; Mayor John Galvin, of Cincinnati and H. M. Daugherty, an attorney of Columbus. The Wood delegates-at-large candidates are former Attorney General Edward C. Turner, of Columbus and Attorney William H. Boyd, of Cleveland. Four are to be elected.

In general the Wood organization is headed by men who were prominent in the Progressive party in 1912. Senator Harding's campaign for the most part is in the hands of men affiliated with local party organizations.

While there are no distinct sets of Wood candidates for delegates in the two Cincinnati districts, the candidates are pledged to Senator James R. Garfield as second choice.

So far as the Democratic party is concerned Governor James M. Cox has a clear field without opposition, for all candidates for delegates are pledged to him. Local conditions, however, have resulted in contests for district delegates in a few districts. In the sixteenth district (Canton) the wet and dry question brought forward as an issue and resulted in several candidates being entered.

FRANCO-BRITISH DECLARATION A GO

(By Associated Press)
San Remo, April 26.—Havas—The Supreme Council today adopted the Franco-British declaration with regard to Germany after inserting a clause declaring its readiness to take all measures, even the occupation of additional German territory if necessary, to assure carrying out of the Versailles treaty. The text of the declaration which was particularly pleasing to the French, will be issued this evening.

DENTIST STABS TWO, THEN SUICIDES

(By Associated Press)
Louisville, Ky., April 26.—Dr. Charles E. Nary, dentist, 54 years old, during a quarrel with his wife Grace, aged 40 years, at their home here today over the household allowance for groceries, cut his wife's throat, stabbed his sister-in-law Mrs. M. H. Fenton, of Carlisle, Ill., in the back and cut his own throat. Nary is dead. His wife is apparently fatally injured, and Mrs. Fenton is only slightly wounded.

SLIGHT L. & N. ACCIDENT
Passenger train No. 28, operating on the L. & N. between Louisville and Richmond, met with an accident Sunday afternoon which caused a delay of more than an hour, when one of the wheels of the engine left the track, south of this city. Local section men were called upon for assistance. The engine was soon replaced. No one was injured.

O. L. Arnold, of Kirksville, was in the city today.

NEW VAULT NOW BEING INSTALLED

Improvement At Southern National Bank Most Modern Yet Produced In Country

Saturday the work of excavation at the rear of the Southern National Bank on Main street, looking towards the installation of a large new money vault, was started. The work will be completed and the vault installed within a period of sixty days, according to the estimation of cashier R. M. Rowland.

The vault will be equipped with a time lock door and the latest electrical burglar alarm. There will be a wall of re-enforced concrete eighteen inches in thickness to represent the outside walls, and a steel door eleven inches in thickness supplied. This, together with a new combination recently put to use, is said to perfect one of the safest doors procurable. The large vault now in use will be removed. The new safe recently purchased will be placed on the floor of the building. This will add greatly to the inside space of the bank proper. The basement of the new portion of the building will be utilized for storing records etc. The improvement will admit of much more room as well as furnish a more convenient place for the newly purchased safe and add an extensive and safe money vault.

GOVERNMENT WINS AGAINST RAILROADS

(By Associated Press)

Washington, April 26.—The federal government today won its anti-trust suit against the Reading Company and affiliated coal companies, in one of the so-called anthracite coal cases.

By a vote of four to three, the Court sustained the government's charges that the companies violated the "commodities clause," the interstate commerce act, and ordered a dissolution of the companies.

The Reading and Central of New Jersey Railroads, the Court decided, must dispose of the stock ownership respectively, of the Philadelphia and Reading Coal and Iron Company, and Lehigh and Wilkes-Barre Coal Companies.

STRIKE SITUATION

New York, April 26.—Fear of a black list, which would bar them permanently from employment, appeared to be one of the driving forces today behind a steady break in the railroad workers' strike as reported by railroad officials. Advises from railroad sources in the Chicago district that freight traffic is now 90 per cent of normal. The strikers assert, however, the industrial situation is growing worse.

CHURCH—KIRBY

A pretty wedding was solemnized Sunday afternoon at 2:30 o'clock at the home of Mr. and Mrs. Jas. Church, 325 Woodland Avenue, when their daughter, Miss Lydia, was united in marriage to Mr. Harry Anton Kirby, of Indianapolis, Ind., and Kankakee, Ill., by the Rev. O. O. Green. The ring ceremony was performed in the presence of the immediate members of the family after which there was an elaborate wedding dinner. The bride was attired in a blue traveling gown, with hat to match. The happy bride and groom departed for Cincinnati and Chicago on a wedding trip, Sunday night, after which they will go to their newly furnished home in Kankakee, where Mr. Kirby is Secretary-Treasurer of the William Turman Produce company. They will be at home to their friends after May 1. The out of town guests were Mrs. L. A. Thomas and Mrs. C. A. Thomas, of Indianapolis, and Mrs. B. T. Thomas, of Pineville, Ky., all sisters of the bride. A number of appropriate wedding gifts were in evidence. Miss Church is a well known young woman of Richmond.

U. S. DISTRICT COURT OPENS

Big List of Cases Promises To Keep Judge Cochran Busy For Sometime

Shortly after 2 o'clock Monday afternoon, Hon. A. M. J. Cochran, judge of the United States District court opened the April term which is replete with cases, as far as number is concerned, since it is said to be one of the largest recorded in years. This fact is due to a number having been carried over from the last term. The list comprises forty-one, besides those number carried over. However, it is the belief of court attaches that but little time will be required in the hearing of testimony in a number of them.

United States Court Clerk J. W. Menzies was absent at the opening being in New York on business. His early return however, is expected. The position is being filled by Joseph Spears. The latter was of the opinion that Judge Cochran would make short work of a number of the cases which he believed were of minor importance and that this week would make a great reduction in the number of the cases.

There was a large attendance at the opening. The courtroom was filled to its capacity long before the time for the opening, and those present waited apparently patiently and contentedly for the beginning of proceedings. The first case on the docket for the present term is that of Matilda Besuden vs. Emily C. Besuden et al.

Seward Dies At Eighty

Washington, April 26.—The Supreme Court again today failed to hand down a decision regarding the unconstitutionality of the prohibition amendment and enforcement act.

Fire At Prestonsburg

(By Associated Press)
Prestonsburg, Ky., April 26.—Fire originating in a barber shop early today destroyed the church, postoffice, telephone exchange, and a number of small buildings. The loss is estimated at \$75,000.

"RED HOT DOLLARS" CASTS CHARLES RAY AS FOUNDRY WORKER

Charles Ray dons overalls and carries a dinner pail in his new picture, "Red Hot Dollars", which will be shown at the local theatres Tuesday, April 27th. The youthful star has the role of Tod Burke, a machinist in a small town iron foundry. Peter Garton, owner of the foundry, is cold and selfish and has the means of driving to the wall Angus Muir, his old business associate. Muir and his pretty daughter, Janet, live in poor financial straits in a humble cottage. Tod picks up an acquaintance with them.

Later, his quick wit enables him to save his employer's life when a heavy timber falls, though Tod himself is badly hurt. Old Garton is affected by the boy's sacrifice and, taking him to his mansion, looks after him while he regains his strength and then decides to adopt him. Tod tells Muir of his good fortune, innocent of the strong enmity between the Sotcheman and Garton, and Muir drives him out of his house. Thereupon, Tod gets Janet a job in the Garton offices and the two evolve a clear and successful scheme to bring about a reconciliation between Muir and Garton.

"Red Hot Dollars" is said to provide Charles Ray with a characteristic role. The supporting company is headed by Gladys George. It is a Paramount-Artcraft picture produced by Thomas H. Ince.

ADMIRAL BRITTAIN'S BODY IS EN ROUTE

Will Reach Washington Tomorrow—Suffered Recent Nervous Attack

Guantanamo Bay, Cuba, April 26.—The body of Rear Admiral Carlo B. Brittain, chief of staff to the commander in chief of the Atlantic fleet, who committed suicide by shooting himself last Thursday, is due to arrive in Washington Tuesday on the hospital ship, Solace. Admiral Brittain was in poor health when the flag ship of the fleet left New York last January 7. He was an indefatigable worker and it is believed the illness brought on a mental strain to the breaking point.

On April 21, Admiral Brittain was apparently in good spirits and he attended a reception aboard the flagship. The next morning at four o'clock, a shot was heard in his cabin. The officer of the deck found Admiral Brittain in the bathroom with a bullet through his heart.

Relatives of Admiral Brittain today were advised of the shipment of the remains to Washington, where they will arrive Tuesday. It is expected that the body will then be shipped direct to Richmond. Other than stating that the funeral services would occur the day following the arrival of the body, relatives stated Monday that no arrangements had been made.

MESSRS PARKS PURCHASE MACHINERY FOR MILL

W. D. Parks and E. L. Parks, have returned from a trip to Indianapolis where they purchased machinery for their flouring mill in the eastern part of the city, which is undergoing extensive improvements. They report that they will have the new machinery installed upon its arrival within a very short time and that this feature will finish up the improvement which has been going on for some time, and that the plant will be one of the most modern, as well as the most extensive in this section of the state.

A BEAUTIFUL WOMAN

IN "EYES OF THE WORLD"
Jane Novak is admittedly one of the most beautiful women in the realm of the film. She doesn't have to be starred to attract attention or base-drummed or press-agented.

Nobody is starred in "The Eyes of the World"—although the cast of the great multiple-reel production of Harold Belle Wright's story was carefully selected for type and ability, but that will not prevent Miss Novak shining as a real beauty when Clune's "The Eyes of the World" has its first local presentation at the Richmond theatres Thursday and Friday.

The makers of "The Eyes of the World" hunted a long time before they found just the right young woman for the part of Sibyl Andres. Scores were looked over critically and the search extended clear across the country to a most eastern field of the motion picture industry.

When Miss Novak was picked it was not because of her beauty, but because she answered minutely to the description of Sibyl by the author, Mr. Wright, who assisted in the filming of the book, said the this young woman was precisely the kind of girl he imagined when he wrote the tale of California love and adventure which has reached a sale of over 2,000,000 copies.

MRS. COMBS DIES AFTER LONG ILLNESS

Funeral Will Be Conducted Tuesday Afternoon from Brother's Home In Richmond

After suffering for several weeks from complications resulting from an attack of flu, Mrs. Harlan Combs, of Peytontown died Sunday night at 9 o'clock at the Gibson Infirmary, aged 27 years.

The body was taken Monday to the home of Bedie Gray, a brother, 405 Moberly Avenue, where the funeral services will be conducted Tuesday afternoon at 2:30 o'clock by the Rev. McClintock. Interment in Richmond cemetery. Muncy Bros., undertakers in charge.

Mrs. Combs, who was well known in this city will be missed by a large number of friends here as well as those at her home in Moberly. The husband, who survives is also well known in Richmond and Madison county where he has lived for a number of years.

SAMUELS FINDS STILL IN A CAVE

After a hard week's work chasing 'shiners in Morgan county, Deputy U. S. Marshal Hugh M. Samuels spent Sunday with his family at his home here. In company with Deputies George L. Hannen and Neal Guilfoyle, he raided two stills in Morgan county and captured three moonshiners. No liquor was obtained however. One of the stills was found in a hollow near Lenox, Morgan county and Noah and Boone captured. They were taken before U. S. Commissioner Hoffman Woods at Mt. Sterling and held over to await Federal court at Catlettsburg under \$2,500 bond, which they gave. A still belonging to Bob Hudson was found in a cave in the same county and he was also held over under the same bond which he could not give and was sent to jail to await trial. Hudson acted like a wild man when the officers went after him and they had to handcuff him to get him to own.

John Norris Pulls Down On A Long Shot

John Norris, living on the Todd farm east of the city, was at Lexington Saturday, and decided to place a bet on the first horse in the first race. Lady Fairplay was the first out, and a ticket in the mutuels held by Norris, said that she would win. She did, paying \$101.60. Mr. Norris smilingly "cashed in" and said that it was the end of his sport streak. It is said that there were two other residents of Richmond who had bets placed on the same horse, but these reports could not be verified Monday.

NOTED SINGERS VISIT RICHMOND

Famous Criterion Quartet Heard and Greatly Appreciated By Large Audience

Over 1500 people enjoyed what was said by many to have been the most delightful musical program ever presented in Richmond, Saturday evening at McKee's rink, when the Criterion Quartet, of New York City, brought here under the auspices of Muncy Brothers, presented a program of the re-creation of their voices on the Edison phonograph.

A miniature stage was erected for the occasion, which was artistically arranged with potted flowers and ferns. In the center and on the right side of the stage were placed two Edison phonographs, owned by Richmond parties one of which was used in the concert. The rink took on the appearance of an up-to-date auditorium, with a seating capacity that surpasses any building in the city.

Mr. Donald Chalmers appeared first on the program, as spokesman for the Criterion Quartet, and in a few introductory remarks told of the purpose of the concert, and then introduced the members taking part on the program.

Mr. Young gave the first solo number of an old ballad, "Her Bright Eyes Haunt Me Still." He possesses a sweet tenor voice, and at the conclusion of the song, the audience showed their appreciation in rounds of applause.

Mr. Dohald Chalmers gave the next solo number singing "Song of Steel" and "Out of the Deep," compositions that would test the tone qualities of any deep bass singer, which test he stood as easily as one would run the scale of "C." His voice was pronounced by leading musicians who were in attendance, to be the best ever heard here, and he was repeatedly encoored.

As the concluding number of the Recreation program, they sang "Little Tommy went a-fishing." While they were singing this number all the lights were turned out, and no one in the audience could have told the difference from the artists' rendition and that of the Edison phonograph, for the lights were flashed on just before the concluding notes of this catchy little number, the artists had disappeared from the stage at the time the house was darkened, proving convincingly to the large audience the wonderful tone qualities of the Edison phonograph. In response to hearty applause, the Critterions concluded their program with a group of songs, and still the crowd was loathe to go.

In talking with a number who remained to speak to the artists after the concert, Mr. Chalmers was heard to remark that in no city where they had given their programs, had he witnessed such perfect order, as that maintained in this city.

The concert proved to be one of the biggest advertisements the Muncy Bros. ever attempted in Richmond and the firm deserves commendation for bringing to this city such renowned artists as appeared in the Criterion Quartet Saturday night.

Muncy Bros. Are Abreast Of The Times

Mrs. Florence Eubanks, departed for Philadelphia and other eastern cities Sunday night where she will spend some time studying a course in records and victrolas, preparatory to giving demonstrations at the Muncy Bros. store in Richmond, upon her return. She will be especially instructed in the Red Seal Records, as well as the artists furnishing music for them. The local company is following the Metropolitan way in that they are preparing to add to the importance of the music feature of their store by having Mrs. Eubanks especially prepared. She will have charge of this phase of the music department.

W. P. Kincaid is a new sales man employed by Muncy Bros. and will have charge of the sale of pianos and charge of the music department representing this line at the Richmond store.

When you hear the band, Tuesday, May 4, follow it to the auction sale of land on the Big Hill pike. (Dixie Highway.) 1t

MUST CLEAN UP SAYS MAYOR EVANS

Order Goes For The Starting Army Of Workers, Since All Are Obligated To Obey

The spirit of clean-up week which is prevailing throughout the country, has struck Richmond and the first work which was started a few days ago in the way of painting, will be followed by the general work and will extend over a period of several days, and when Richmond has donned her spring dress it is said that the liability of fire will be greatly lessened and a menace to general health will have been eliminated.

It is the order of Mayor L. P. Evans, that everyone start the work with vim and vigor, and that the task be continued until every bit of rubbish, trash of every character, and all refuse obtainable is removed from the premises and the city. He issued orders Saturday to every citizen of Richmond to do his duty, and to take a hand in the clean-up process, which he will make an effort to be the most effective in the city's history. It is the order of the Mayor that all get under way with the work at once and he has provided wagons which will make the rounds of the city and gather the accumulated waste. These wagons will be started on Wednesday morning, and will visit every home in the city if need be. It is the intention of Mayor Evans to have the premises cleaned and the refuse put in receptacles and placed near the gutter. This work, as he has it planned, can be well gathered in. This will give all an opportunity to have their premises well in hand and the receptacles will not be in sight but a short time.

In speaking of the manner in which the movement has been received heretofore, Mayor Evans said Saturday that he did not receive the co-operation from the public that he should, and this was something that he would insist upon this year. "It is work that has to be done," he said, "and I will see that it is done, and done thoroughly." The special effort this year is in accordance with state reports that have been sent out to the effect that the effort will be extraordinary everywhere, since there have been many improvements resulting. Besides the appearance, there is a general improvement in health, it is said, and again, the danger of fire has been reduced to the lowest degree; and when fire is oftentimes started, rubbish and trash account for the spreading of flames and great difficulty in fighting the fire, which becomes more disastrous. It is the desire of the city official to have the work embrace painting, whitewashing and that line of work which adds greatly to the appearance.

It is the belief that there will be a general response this year and that the work will be well under way the first of the week and that there will be no room for complaint upon the part of Mayor Evans or anyone else. The investigation of fires in this and other cities, in many cases, has resulted in the origination being traced directly or indirectly to piles of rubbish. Besides this, there is a disposition upon the part of all to advance the theory that it retards sanitation, which is not conducive to good health.

HEARD ABOUT TOWN

A large number of cures are reported by negroes at Lexington during the recent healing mission held there by James Moore Hickson.

H. A. Woody, traveling salesman, known to merchants in this city, was suffocated by flames during a fire in a Greenville, Miss., hotel, according to reports reaching Richmond today. Mr. Woody until a short time ago was a visitor to Richmond several times a year and the news of his untimely death is greatly deplored by those who knew him.

Five hundred women of Lexington have pledged themselves to buy only the luxuries of life during the period of underproduction. They will banish all dainties and everything unnecessary. Associated reports from the south received Saturday give the total number of deaths during the recent storm in the south as 233.

NEW TRUCKS ARE BEING PURCHASED

Appreciation Of This Mode Of Hauling Is Increasing Rapidly In Richmond

There is a steady increase in the demand for trucks of various sizes, and this mode of hauling is becoming more and more in evidence in Richmond. The truck is rapidly taking the place of the horse for hauling purposes here as well as in the greater cities, and local dealers report that the next year, when conditions are expected to be normal, there will follow even a greater demand, since the demonstrations being given this year will enhance the appreciation of the truck generally.

Among the local men who boast of new trucks from the Richmond Motor Company are Talt Newby of Richmond and the Savage-Smith Lumber Company, also of this city. These trucks will be seen on the streets the first of the week. Louis Neal, west of the city, is the owner of a new tractor.

A representative of the company said Saturday morning that he would hail with delight the sight of a train load of automobiles and accessories, since there has been such difficulty in getting machines and apparatus. "I will feel like celebrating when this strike of the railway men is at an end," he said, "and business resumes a normal stage."

Purchasers as well as dealers are anxious for a resumption of normal condition. Many are ready to buy, but they hesitate, owing to the belief that they may later have a better stock to draw from and new additions to machines, which are always coming out.

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No gripping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth"—bad breath—a dull, tired feeling—sick headache—torpid liver—constipation, you'll find quick, sure and pleasant results from one or two of Dr. Edwards' Olive Tablets at bedtime.

Thousands take them every night just to keep right. Try them. 10c and 50c.

The Church

may be recognized by us or it may not, but our proposition as an individual does not for a minute reduce the actual value of the church. We, ourselves, are nothing but truth is everything.

Then why should we longer deprive ourselves of the real, the genuine, the things that actually count for the constructing, the building up of our community, our home and our manhood?

Every man regardless of who or what he is, bows to the sanctity of home—he reveres daughter, wife and mother and yet the only place on this whole earth that he regards as equally as safe and uplifting as his home is the Sunday School, the teaching service of the church. He is glad to see his loved ones go. Then come on let's go—May 2nd, is "Go to Sunday School Day." If it's good for those that are most dear to me it should be good for me. I'll meet you there.

Student Nurses Wanted The Robinson Hospital and Training School for Nurses

At Berea, Kentucky, offers a three years' course of instruction, which leads to graduation. The graduates from this institution are eligible for examination by the State Board of Nurses' Examiners, and for registration. The course of training and study fulfills all the requirements of the laws of the state. Applicants must have completed the Eighth Grade and one year's High School or its equivalent.

Uniforms and textbooks are furnished by the institution without cost to the students. Students are also given board and lodging and necessary laundry of uniforms. Each student nurse also receives an allowance of \$120 per year for her necessary expenses. This allowance is given in monthly installments of \$10 each.

Plans are under way for additional buildings that will double the present capacity of the institution for caring for patients and training nurses.

Places are now open for ten more young women who desire to take up the work.

WOOL POOL AUCTION LEXINGTON, JUNE 15

Prof. Humphreys Writes To
Wool Growers About Representation Of Pools There

Prof. John R. Humphreys, of the Department of Markets of State University at Lexington, is sending out an important letter to wool growers, notifying them of a central wool auction which will be held at Lexington June 15th. His letter will be read with interest by wool growers of this section, many of whom have received copies of it. He writes: Lexington, Ky., April 23, 1920

Dear Sir: June 15th has been selected as the date upon which the Kentucky State central wool auction will be held at Lexington. One of the large and well lighted tobacco warehouses will be utilized for holding auction. The auction will begin at 9 o'clock in the morning and will continue until all the wool on sale is disposed of. Every wool pool in the state is eligible to representation in this auction and wool should be represented by one of 25 to 550 pounds sample of each grade contained in the county pool. Great care should be taken that the samples are truly representative of the wool which is being held back of them, and each sample should show the number of pounds represented and should give the grade under which the local wool has been graded. Buyers from all the wool buying concerns in the United States will be invited to have representatives at the auction, and the wool will be sold to the highest bidder, unless for some reason, the central wool committee desires to reject the bid. Any pool represented and not satisfied with the price offered for any grades constituting over one-half of their offer have the privilege of rejecting such bids and re-selling the wool, either at the auction or in the home market. All wool offered should be graded according to United States tentative wool grades, in so far as possible, and these are as follows: fine, 1-2 blood, 3-8 blood, 1-3 blood, low 1-4 blood, common and broad.

These grades apply to all three classes of wool, namely: clothing, french or baby combining and strictly combining. A standard set of these wool grades is on exhibition in the office of the Department of Markets and all persons interested in grading wool for wool pools are urged to visit the Department and study the grades.

By being represented at the auction only by sample, it is not necessary for local wool pools to ship their wool to Lexington, but wool should be held at the local pooling center, subject to shipment to any one of the nine regional points as follows: Lexington, Danville, Louisville, Maysville, Covington, Louisville, Bowling Green, Henderson, and Paducah in accordance with the desires of the purchasers. All purchasers will be required to furnish these bags. All wool represented at the auction should be kept clean and be separated into its respective grades and tied with paper twine, so that the central wool committee may know that the handling of this wool is uniform throughout the state.

Notice is, hereby given that all wool pools desiring to enter into co-operation in the central wool auction should advise the Department of Markets by May 5th, so that notice may be sent out to prospective wool buyers to visit the various wool pools and examine the grading before coming to the auction. This will do away with any doubt of the purchaser as to the grading back of the samples.

The membership of the central wool committee will be announced Wednesday, April 28, and all wool samples, subject to auction, should be in their hands in Lexington not later than June 12th. Expenses of the auction will be prorated to the various wool pools on the basis of value of wool sold thru the auction.

Very truly yours,

JOHN R. HUMPHREY

FEELS SHE OUGHT TO GIVE OUT FACTS

Richmond Woman Suffered For
Months Of Indigestion And Nervousness

Mrs. P. C. Garland, residing at 202 Gladstone Avenue, Highland Park, Richmond, is now an ardent champion of the merits of Tanlac.

"Since Tanlac has helped me so much," said Mrs. Garland recently, "I can't help thinking of others who need it like I did, and I feel like I ought to tell them about it."

"At the time I began taking Tanlac I suffered from indigestion and nervousness about as bad as any one could. I could not eat anything without feeling perfectly miserable afterwards. There was such a pressure of gas on my heart and lungs at times that I felt like I was choking. I had no appetite and was often so nauseated and weak that I simply had to stop whatever I was doing and sit down. Meats were like poison to me, for if I ventured to eat them I felt like I would almost die from cramping pains in my stomach. My nerves were so upset that I became irritated and worried at almost nothing. Even my little children playing about the house and yard got on my nerves so I could hardly keep still. I had headache every day, slept poorly at night and felt tired, weak and bad all the time."

"I had heard lots about Tanlac, but had no idea it was so fine until I began taking it myself. I remember well the first three doses I took, for it actually made me want to eat something the first day and that night I slept better than I had in a long time. I have just finished my second bottle now and am feeling stronger and better already than I have since my troubles began. The children can make all the racket they please now, in fact, I frolic with them sometimes for I am no longer nervous and nothing disturbs me. My appetite is just fine and I am eating meats and just anything else I want without feeling a sign of indigestion. I go about my work with a whole heart, for I am feeling like a new person. I cannot praise Tanlac too highly, as it has made life worth living for me again."

Tanlac is sold in Richmond by Stockton & Son.

A jury has been selected in the Bates murder case in the Letcher circuit court and the taking of evidence will start tomorrow. Uriah and Bob Bates, brothers are charged with the murder of Elijah Sergeant, of Indian Creek, last December in the Indian Creek mountains.

PUBLIC SALE

Big Type Poland China Hogs

at the East End Stock Yards, in Richmond, Kentucky, on

Monday, - County Court day - May 3, 20

At 1 o'clock Sharp

Will sell at public auction 20 head of the best Big Type Poland China pigs that it that it has been our privilege to offer to the public.

These pigs have all had the double treatment with the Pitman-Moore Hog Cholera serum and a certificate of treatment will be given with each pig. This offering represents the very best breeding that can be obtained east or west. In fact, you can secure at this sale blood lines that it has taken breeders of the east and west one-half century to produce and develop.

These pigs are all sired by my herd boar, **Blue Grass Giant**, that cost me a long price as a pig and is one of the smoothest and biggest boars in the state of Kentucky today, and out of sows second to none in the state.

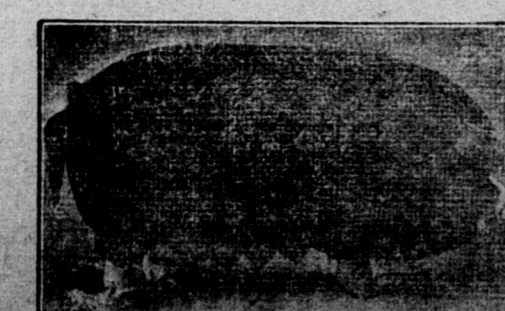

Maryanna Price cost me \$350 and weighed when she arrived in Richmond, 845 pounds over W. W. Broadus' scales. She will have seven pigs out of a litter of 11 in this sale. Don't miss them. Miss Cora Wonder, a sow that Bert Stafford paid \$257.50 for me to take to the State Fair, will have six pigs out of litter of nine. Lady Buster cost me \$207.50 as a gilt and this is her second litter. Eight pigs in this sale.

There are pigs in this sale that are destined to write Poland China history in Kentucky. Pigs from our herd are in breeding herds and on some of the best farms in the state and these people will be contending bidders at this sale. There is a reason for it. They know that they can buy as good hogs from our herd as they can get in the east or west for about one-tenth cost there.

There has always been money in hogs, but the thoroughbred will buy more automobiles and light plants and luxuries on the farm in the future than the old scrub ever could have bought.

Remember this sale is on County Court day for your convenience. Come out to the East End Stock Yards and spend the afternoon with us and see some good hogs whether you wish to buy or not.

Terms cash. Crates to be furnished for hogs to be shipped only.

Saturday night's audience mystified Tries vainly to detect difference between art of famous quartet and RE-CREATIONS by Edison's new phonograph

Those present at McKee's Rink Saturday night saw the members of the Criterion Quartet walk onto the stage. They saw them take their position next to a beautiful cabinet. They saw their lips give voice to the opening lines of "Little Tommy Went a Fishin'." Then suddenly their lips were still—but the song kept flowing on.

How came this? They were hearing the Criterion Quartet, yet the Criterion Quartet was not singing. The entire audience gasped as it slowly realized that it had been unable to distinguish between the voices of the famous songsters and the RE-CREATION of those voices by the New Edison.

This was the daring test undertaken Saturday night at McKee's Rink by Thomas A. Edison. He sought to prove that no difference exists between the voices of the living artists and their RE-CREATION by the New Edison. The musically cultured of Richmond were invited to pass judgment. No test could have been more exacting.

The Criterion Quartet made comparison after comparison. The mystified audience tried vainly to catch a difference between the original rendition and its RE-CREATION by the New Edison. No one could tell one from the other.

It was a triumph whole and complete for the New Edison.

The NEW EDISON

The Phonograph With A Soul

The instrument used in Saturday night's Tone-Test is the regular model which sells for \$285 (in Canada, \$431). It is an exact duplicate of the Laboratory Model which Mr. Edison perfected after spending Three Million Dollars in experiments.

The New Edison alone of all phonographs is capable of sustaining this test. Until Mr. Edison knew it would do so, he regarded his work as unfinished.

Ask some one who was present Saturday night. Learn the amazing truth. Then come in and let us prove it personally to you
